The following limitations are established:

- The awards are considered only for those applicants who will be enrolling in a four-year college, university, junior college or trade school.

 2. A transcript of high school credits through the first semester of the senior year to include rank in class and most recent ACT or SAT college entrance test scores. If an applicant is in the second or later year of an undergraduate program, the transcript(s) of post-high school credits must be submitted.
